

Guillaume Melis

Looking for a Junior Quant role

Paris, France • guillaume.melis@esme.fr • +33 7 83 71 36 48

Github : <https://github.com/Guillaume-melis>

Education

Université Paris Saclay

Paris, France

MSc - Applied Mathematics, Quantitative Finance

09 2025 - 09 2026

Relevant Coursework : Stochastic Calculus, Stochastic Control, Stochastic Analysis, Computational Finance, Financial Econometrics, Financial Engineering, Financial Markets, Derivatives, High Frequency Trading, Machine Learning, Deep Learning.

ESME Sudria

Paris, France

M.Eng - Computer Science

09-2020 - 09 2026

Semester Abroad at Shibaura Institute of Technology,

Tokyo, Japan

Relevant Coursework : Linear Algebra, Probability Theory, Optimization, Numerical Methods, Machine Learning, Object-Oriented Programming.

Master Project : Pricing European Option using Black-Scholes Model

Work Experience

Axis Alternatives - Quantitative Researcher

Paris, France

Intern

04 2026 - 10 2026

- Designed and benchmarked classical and quantum algorithms for pricing exotic derivatives.
- Developed hybrid optimization algorithms for calibrating implied volatility surfaces on market data.

JP Morgan - Quantitative Trading Challenge

Paris, France

Participant

10 2025

- Designed and tested index arbitrage strategies under simulated market conditions.
- Implemented systematic trading rules and evaluated PnL and risk metrics.

Scientific Portfolio - IT Quant

Paris, France

Intern

02 2025 - 08 2025

- Developed quantitative models to control data quality and detect outliers in financial timeseries.
- Leverage statistical analysis to identify data trends and apply insights to diverse problem-solving contexts.

Natixis CIB - Quant Dev EQD/QIS

Paris, France

Intern

06 2024 - 12 2024

- Standardizing proprietary indices by defining common parameters.
- Implementing QIS algorithms working closely with the structuring team.

Skills

Programming: Python (pandas, numpy, scipy, scikit-learn, matplotlib), C#, C++, SQL, VBA, Git, MS Office

Language: French (native speaker), English (C1 TOEFL)

Extra Curricular/Interests: Poker, Chess, Literature, Geopolitics, Macroeconomy.
